

## ***HJ Nannies – Temporary and Permanent Childcare Solutions***

Harley James Nannies are a family run nanny agency part of the Harley James group based in Surrey. We supply qualified live in, live out nannies to provide a range of services across Surrey and London. We are able to offer a high level service and pride ourselves on providing a personalised efficient service for each individual client making HJ Nannies one of the leading nanny agencies across the South East. We charge £695 + vat for all permanent nanny placements making us one of the most effective agencies in the South East.

Our aim is to make hiring a nanny simple for our clients with no lengthy contracts, a free replacement within the first 6 months or no expensive upfront costs. Unlike the majority of agencies who offer a 4 week replacement, at HJ Nannies we offer a 6 month free replacement. All nannies are personally interviewed, CRB checked, Identity verified, qualifications checked and we ensure they can work in the UK. Furthermore written references and verbal references are obtained during our interview process. When Harley James are invited to source you a nanny, you can be completely confident with your decision.

We charge a flat rate excluding VAT. We operate a no placement no fee policy, this means our fee is only payable when the nanny commences employment. If we do not have a suitable nanny that matches your needs, we will advertise the position at no cost to you.
